Last minute requests within 24 hours (rearrange pet schedules)	\$15.
Mileage if more than 15 miles round trip	53 cents per mile

*I will schedule a meet and greet with you and your pets within 2-3 days of contacting me. At that time you will provide the number of anticipated visits and needs during your absence in addition to any pet medications or "hands-on" training/instruction you wish to convey. A quote will be prepared and sent to you via e-mail within 2 days of our meeting. The contract must be signed at least 1 week prior to your departure date. Key pick up and signage of the veterinarian instructions and release form will take place at contract signing. Payment is due after you return at time of key return, cash only!*

*Please consider that everyone's home is a little bit different. Based on needs and square footage, prices may vary from residence to residence. These prices should be considered 'guidelines' to be used when preparing the work estimate. While away, if you decide you need something done or taken care of that is not shown, don't hesitate to ask and I will do my best to accommodate your requests and needs.*

*The standard of care in looking after your house is no less than that of my own home. While you are away, my goal is to make sure that you have peace of mind that your home and animals are in good hands under my care and that everything runs as smoothly as possible.*
